Dear Flower Friend:

HERE IS GOOD NEWS FOR YOU because no doubt you love the IRIS which is regarded as among the three most popular flowers in America. Proud,--stately,--magnificent, the IRIS commands a premier position in the garden, among the rocks or at the edges of pools. Hardy,--prolific and beautiful and very adaptable for use in beds and borders, along drive-ways, etc.--in the yard and in the garden. Its wide range of colors makes it a favorite for use either in single clusters or borders and when used for cut flower purposes in vases either alone or used with other flowers, it is most artistic.

This is the flower of grandeur I offer you in my Golden Anniversary Collection. Twenty-one all different, including that marvelous variety "MOTHER OF PEARL" considered generally one of the very finest. This variety was introduced but a few years ago at \$25.00 each. It is a lovely flower, delicately colored, of marvelous shape and great size and beauty when properly grown. Then, there are twenty other kinds in this offer, beauties every one of them, ranging in colors from soft, delicate lavenders, creams and violets to dashing shades of purples, reds and blues. A WONDERFUL COLLECTION made possible by mass production. If I were to make up special orders of these kinds the cost would be very much greater, in fact they would have a retail value of over \$8.00. Consequently this is an unusual opportunity for you to obtain this fine selection of IRIS VARIETIES at a cost of only \$2 prepaid. Hundreds of comments have come from my customers who are lavish in their praise of similar offers in former years. I anticipate even greater interest in this GOLDEN ANNIVERSARY OFFER.

Your order should be placed at once in order to make sure of delivery as the number of my offers are limited. You may order more than one collection.

Sincerely,

A. E. Kunderd.

Goshen, Indiana.
